

# A CALL TO PRAY FOR THE CHURCH IN KENYA

Please Stand With Your Brothers and Sisters in Kenya

*The Right Rev. Dr. David Githii*

*Moderator, Presbyterian Church of East Africa*

3 January 2008

Dear Saints of God:

**So Peter was kept in prison, but the church was earnestly praying to God for him..... When this had dawned on him, he went to the house of Mary the mother of John, also called Mark, where many people had gathered and were praying (Acts 12:5, 12).**

The above citation reminds me of the urgent need for prayer. That the serious saints can stand in the gap for Kenya as a matter of urgency. Kenya is undergoing one of her MOST trying times since national independence in 1963, when she gained her independence from the British after a ten year struggle for liberation.

It is also important to note that Kenya is composed of 42 tribes with the Kikuyu tribe being the largest with 26% followed by *Luos*, *Baluyas* and *Kalenjin* among others. Kibaki the current president hails from the *Kikuyu* tribe and *Raira* (who has lost in the elections) comes from the *Luos*. Tribal strife is very imminent among these tribes as each tribe strives to take the presidency of the nation for their tribe; as some put it to have a chance to "eat." There have been three presidents in the history of Kenya with Kenyatta (1963-1978), Moi, a *Kalenjin* (1978-2002) and Kibaki (2002-2007). It is the elections which have just taken place for his second term, and controversy over these elections now causing the present massacre and human loss of life and property.

Although Kenya might not come to the great loss of human life like Rwanda, what is happening now is a symptom of that spirit of death and murder, **and I believe prayers can avert that kind of massacre.** As quoted above, it is prayers that averted the execution of Peter by Herod, and foremost the prayers of that group of intercessors who had sacrificed their sleep and were undergoing prayer and fasting at Mary's house.

The Kenyan elections did not take place without much prayer. Intercessors had repeatedly asked for God's will to be done. Our task is now to pray asking God for the intervention and straightening the whole matter as he finds fit. Already more than 300 people have been killed with many people burned in their homes and others in churches where they are going to seek refuge.

Kenya is a country that has enjoyed peace at a higher level than most of other African countries and had a rapidly growing economy and especially between 2003 and 2007. The people are hard working and although tribalism is a force to reckon with there has been some spirit of tolerance among many tribes.

It now seems that the Devil is not happy with this country. God wants to use Kenya to cause a great spiritual revival not only in Kenya but also in the whole of Africa. We believe God wants to use us in a revival that would even spill over the whole world.

The Lord had already revealed to me that Kenya is greatly under the oppressive powers of the Devil. This prompted me to write a book titled, EXPOSING AND CONQUERING SATANIC FORCES OVER KENYA, which addresses the Satanic forces such as the very high level of witchcraft still practiced in Kenya. This is especially true among the members of parliament, of whom 70% (by their own admissions) out of the 222 MPs practice witchcraft and are involvement of Devil worship. Research by European and African media has revealed that by September 2006 the witchdoctor's diaries in Kenya were fully booked by MPs and aspirants for office through the 2007 general elections held last week.

No wonder then, three months before the elections that took place on December 27, 2007, the media reviewed that the sitting MPs and other aspirants were seeking witchcraft empowerment by going farther and farther a field, to as far as Nigeria, South Africa and Tanzania. One witchdoctor from Tanzania was even shifting his location from Tanzania to Kenya as he had so many clients scheduled.

In my book, I have sighted other Satanic powers as represented by many Satanic altars that one would find located throughout the country. There is also the *Ambee*, an Indian goddess commonly referred to as *HARAMBEE*, a goddess that was brought in by the Indians whom the British imported from India to help in the construction of the Railway from Mombasa to Kisumu. This goddess is the one you find in the Kenyan Court of Arms and on Kenyan currency, unlike the American dollar where we find, "IN GOD WE TRUST." This goddess has also celebrated altars by the name of Harambee Avenue and Harambee House. The former has the most important commercial buildings in the city of Nairobi. The latter holds the main national government offices, including the Office of the President of Kenya. Notable are also the many satanic altars are found in the Kenyan Parliament chambers, including snakes.

When I launched this book these matters were raised again in Parliament. It was reported in national media that the MPs responded: "Let Githii be told that he has his church (PCEA) to cater for and he should leave parliament and its members alone".

This is very unfortunate for Kenya because no president wants to address the issues of Satanism in Kenya. Sometime back parliament appointed a commission to do research on the "devil worship in Kenya," but the government even after witnessing the high level of Devil worship in Kenya, decided not to "let the cat out of the bag," possibly because so many of them would have been exposed.

So pray for Kenya. And as we pray, let us not forget to address the oppressive Demonic powers in operation, and the many spirits which are in demand of human blood which call for the massacre.

Let us also pray that a time would come when Kenya would get leaders who would be God fearing and not afraid to deal with Satanism as did kings like Manasseh, Asa, Hezekiah and Josiah. Leaders who liberated their nation by waging a spiritual warfare against the Satanic altars and its accompanying worship.

Please, let your church and your friends treat Kenya as their item of prayers. Pray also for the church in Kenya so that the church leaders and pastors would be invaded by God's own Spirit with boldness. Many of them have compromised for their safety, or are after accumulating wealth, or for following their tribal feelings. Pray for and thank God, too, that there are still many whose spirit is willing but for whom the flesh is weak. Many times, I have felt like a lonely voice crying out in the wilderness. Pray for me.

My dream and prayer is for God to open a door for me to have some kind of an institute where I can be carrying out some teachings to groups of Kenyans so that more and more people will come to know the truth about the oppressiveness of the spirits over Kenya. This may help lead to some God-birthed liberation of Kenya in future, and also to a national awareness among Christians of the importance of electing more of the God fearing people to parliament and appointed to positions in the government. In such a way, the nation will be able to handle even the high rate of corruption and other negative issues that seek to continually eat up Kenya as a nation. God says to his children:

YOU DID NOT CHOOSE ME  
IT'S ME WHO CHOSE YOU  
AND ORDAINED YOU  
TO GO AND BEAR FRUITS  
FRUITS THAT WOULD LAST.

JOHN 15: 16

Thank you for praying. I hold you and Kenya in my heart.
